

TROJAN

QUALITY TRAILER & CARAVAN COMPONENTS

PRODUCT CATALOGUE
ISSUE 1.15

In 1984 Trailcom opened its doors in a small but significant way in the New Zealand manufacturing and retail sector supplying components to the recreational vehicle and trailering market. Since those early beginnings the company has grown to represent one of the strongest and reliable brands in the sector.

Predominantly New Zealand made products have held the Trojan 'Hector' brand as the dominant player in the market, demonstrating that the warrior can stand the test of time and tough operating conditions.

Trailcom has continued to develop suitable products for the marine, box and industrial trailer market with branches in New Zealand and Australia and with a close alignment with some of the top Original Equipment (OE) producers as well as retail distributors in the countries in which we operate.

In 2012 the business was purchased by The TriMas Corporation as part of a strategy to grow a wider 'towing' presence in New Zealand. This initiative saw the company begin a journey of corporatisation and streamlining in practices of manufacturing, sourcing and quality.

In 2015 the company was split off from TriMas Corporation to become a component of the newly formed Horizon Global spin off which has resulted in a strategically focused business that concentrates on purely towing and towing related products.

Trailer Couplings - Non Braked

Trojan Pressed Steel Coupling - 900kg Capacity

These couplings are zinc plated pressed steel and are suitable for light duty applications. Designed to fit over 50mm wide draw bars. Two bolt fitment

| Part No: | Description: |
|----------------|-------------------|
| T191006 | Suits 1 7/8" ball |

T191006

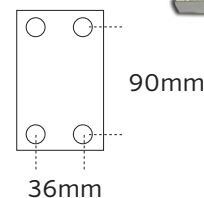

Trojan Lever Coupling - 2000kg Capacity

New Zealand's most popular trailer coupling, these are fitted as original equipment by major trailer manufacturers. Cast in steel for high strength, these couplings are simple to operate. They are available to suit either 1 7/8" or 50mm balls and have an electro zinc plated finish. The 50mm ball size model complies with NZ standard 5232-1993.

| Part No: | Description: | Hole Pattern: |
|----------------|-------------------|---------------|
| T993963 | Suits 50mm Ball | 4 |
| T993965 | Suits 1 7/8" Ball | 4 |

T993963

ACCESSORIES

Part No: T550304 - Coupling Lock (refer to page I6)

SPARE PARTS

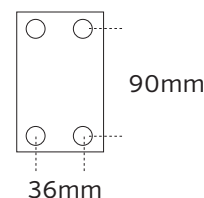

Part No: TPT1025 - Lock Pin Assembly

Trojan Duofit Coupling - 2500kg Capacity

This coupling can be fitted to both 1 7/8" and 50mm towballs by simply lifting and rotating the handle. Available with multifit mounting plate. Cast in steel with an electro zinc plated finish. An anti-rattle screw is fitted and there is provision for fitting a security padlock. When used in the 50mm mode these couplings comply with NZ Standard 5232-1993

| Part No: | Description: | Hole Pattern: |
|----------------|---|---------------|
| T190064 | Same mounting as lever coupling or front holes same as override coupling. Rear holes same as lever coupling | 4 |

T190064

ACCESSORIES

Part No: T550304 - Coupling Lock (refer to page I6)

SPARE PARTS

Part No: T574550 - Mounting plate

TPT1029 - Trigger Assembly

TPT1028 - Anti Rattle Screw & Nut

TPT1306 - Lock Pin & Spring, suits Duo-fit

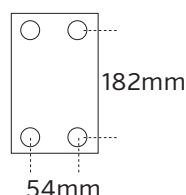

Trailer Couplings - Non Braked

Trojan Duofit Coupling - 3500kg Capacity

This is a heavy-duty coupling which has the same mounting as Trojan override couplings. It will fit both 1 7/8" and 50mm towballs. An anti-rattle screw is fitted and there is provision for fitting a security padlock. Complies with NZ standard 5232-1993, when used in the 50mm mode.

| Part No: | Description: |
|----------------|--------------|
| T190063 | Duofit |
| T190065 | 50mm only |

ACCESSORIES

Part No: T550304 - Coupling Lock (refer to page I6)
T574558 - Mounting plate

SPARE PARTS

Part No: TPT1305 - Handle Assembly Kit
TPT1029 - Trigger Assembly Kit
TPT1028 - Anti Rattle Screw & Nut
TPT1306 - Lock Pin & Spring, suits Duo-fit

Trojan Coupling - 3500kg Capacity

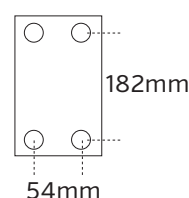

Snap lock type. Complies with Australian Standard AS4177.3 (1994). Galvanised finish with anti-rattle ball adjusting screw. Fitted Park Brake lever included.

| Part No: | Description: |
|----------------|-------------------|
| T614010 | Suits 50mm Ball |
| T614020 | Suits 1 7/8" Ball |

SPARE PARTS

Part No: TPT4000 - Trigger & spring
TPT4001 - Lock pin & spring 50mm
TPT4005 - Lock pin & spring 1 7/8"
TPT4002 - Handle and assembly
TPT4003 - Adjustment screw

T614010

Ezy Hitch

The Ezy Hitch handle is made from high impact plastic material that is completely UV resistant. The handle allows the operator to easily lift and manoeuvre any trailer. The simple leverage action allows the operator to lift the trailer more easily off the towball coupling. Fits easily onto over 10 different models of coupling. Made from durable UV resistant material. This also provides a solution to farm trailers towed by a quad bike as tow bar is usually mounted in a hard to reach place.

| Part No: | Description: |
|----------------|--------------|
| T155868 | Ezy Hitch |

T155868

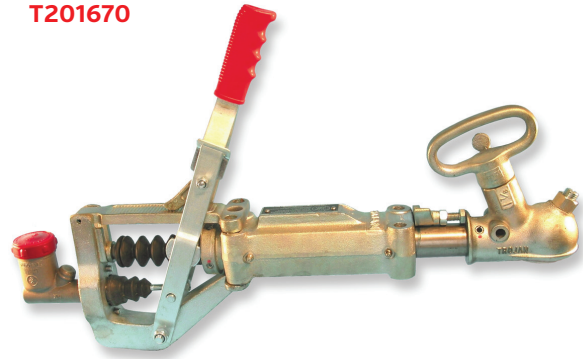

Trailer Couplings - Braked

Trojan Duofit Override Hydraulic Coupling, oil dampened - 2500kg Capacity

Suits both 50mm & 1 7/8" Towballs. This coupling has an oil filled damper fitted and offers superior performance over other models with its smoother operation. Especially suitable for applications such as horse floats and caravans. A hydraulic parking brake is fitted, as is an anti-rattle screw. Provision is made for a security padlock. Complies with NZ standard 5232-1993 when used in the 50mm mode.

| Part No: | Description: |
|----------------|-----------------|
| T201670 | 3/4" cylinder |
| T201682 | Suits 7/8" Ball |

T201670

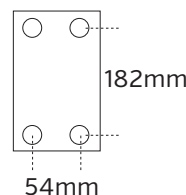

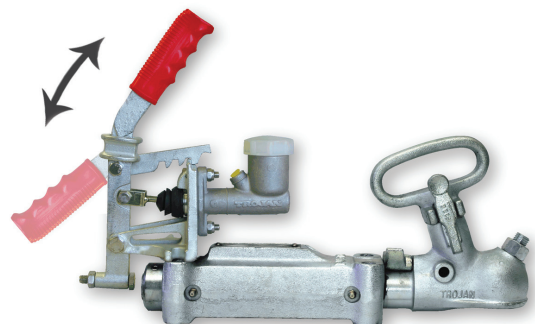

Trojan Duofit Override Hydraulic Coupling, spring dampened - 2500kg Capacity

Suits both 50mm & 1 7/8" Towballs. Suitable for fitment to all types of trailers with hydraulic brakes. This model uses a compression spring for dampening the trailer braking. A hydraulic parking brake is fitted, as is an anti-rattle screw. Provision is made for the fitment of a security padlock. Available with either light or standard duty damper springs. The standard master cylinder has a 3/4" bore but where 4 wheel brakes are fitted, the model fitted with a 7/8" cylinder is recommended. Park Brake Lever can be folded down. Complies with NZ standard 5232-1993 when used in the 50mm mode.

| Part No: | Description: |
|----------------|--------------------------------|
| T201660 | Standard spring, 3/4" |
| T201667 | Standard spring, 7/8" cylinder |

Trojan Mechanical Brake Operating Lever & Park Brake

| Part No: | Description: |
|----------------|----------------------------------|
| T201679 | Suits coupling T201678 & T201683 |

T201679

Master Cylinders & Spares

Trojan Hydraulic Master Cylinders

Trojan Hydraulic couplings are supplied with two size Master Cylinders being 3/4" diameter bore and 7/8" diameter bore. Check size before ordering spares.

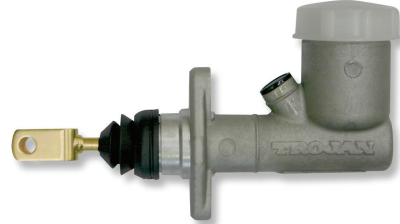

| Part No: | Description: |
|-----------------|---------------------------|
| TPT10391 | 3/4" Bore Master Cylinder |
| TPT10392 | 7/8" Bore Master Cylinder |

SPARE PARTS

| | |
|----------|--|
| Part No: | TPT1040 - Cap to suit 3/4" cylinder |
| | TPT10402 - TCap to suit 7/8" cylinder |
| | TPT1080 - Boot suit 3/4" cylinder |
| | TPT1086 - Seal Kit to suit 3/4" cylinder |
| | TPT1087 - Push Rod for 201670 coupling |
| | TPT1097 - Adaptor for inlet port |

Note: Early model 7/8" cylinder is fitted with a replaceable plastic reservoir. Later models are a one piece casting.

TPT10391

TPT10392

Trojan Master Cylinder Bracket & Lever Assembly

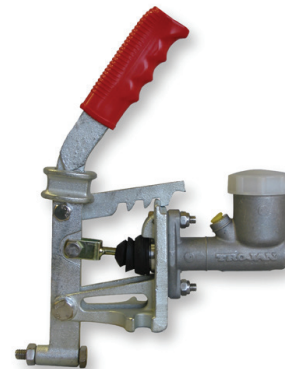

Assembly only. Flip down handle. Suits all Trojan spring dampened override couplings

| Part No: | Description: |
|----------------|---|
| T993055 | Bracket assembly with 3/4" cylinder new style |
| T993050 | Bracket assembly with 3/4" cylinder |
| T993052 | Bracket assembly with 7/8" cylinder |

T201680

Duratorques

GENERAL INFORMATION

Duratorque is a superior suspension system that is suitable for fitment to and use on all types of trailers. Using specially formulated rubber cords as a springing medium, Duratorques are totally self-contained and easily fitted to the trailer chassis. Because the two sides are not connected, each wheel is independently sprung.

All Duratorque components are either galvanised or electro zinc plated for protection against corrosion.

From July 2011, 1000kg to 1750kg versions are fitted with a bolt in replaceable stub axle.

Carrying capacities for duratorques are 1000kg, 1500kg, 1750kg to 2200kg in both two piece and full beam types and 3000kg version in full and drop beam. These capacities are for single axle applications. When mounted in tandem the capacity must be reduced by 25% i.e. two 1500kg full beam duratorques will carry 2250kg. Note that duratorque half axles are each labeled with the total capacity per pair, not each side.

All duratorques are able to be fitted with non braked or braked hubs. These brakes can be hydraulic disc, 1500kg, 1750kg, 2200kg & 3000kg capacities.

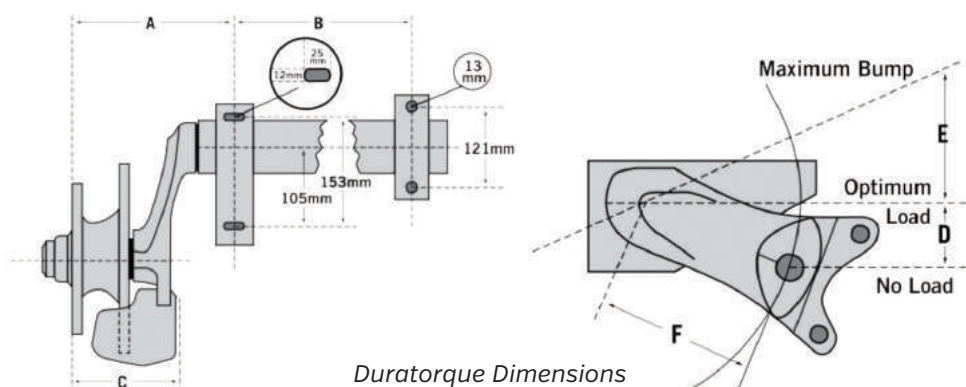

Electric drum brakes in 1500kg, 1750kg & 2200kg capacities and hydraulic drum brakes in 1250kg capacity.

Available as two piece units which will fit any chassis width and are available as ex-stock or full beam or one piece units which are manufactured to the customers specifications. Full beams are also available in a gull wing form for fitment to boat trailers allowing the boat to sit lower on the trailer.

It is recommended that Duratorques be mounted to the trailer with the swing arms trailing. When mounted in tandem the distance between the tyres be kept to a minimum and should not exceed 150mm. The distance between the top of the tyres and the mudguards when the Duratorques are new and unloaded should be at least 120mm. When mounted in tandem the front axle should be braked.

When ordering full beam Duratorques the customer is to supply certain information. See page B2.

Shown below are standard dimensions for all duratorques. Mounting brackets on full beams can be re-positioned to suit customers requirements.

Duratorque Dimensions

| DUROTORQUE - QUALITY RUBBER SUSPENSION SYSTEM | | | | |
|---|-----------------|------------------------|-------------|----------|
| Fig | Type: | 1000kg, 1500kg, 1750kg | 2200kg | 3000kg |

Duratorques

GENERAL INFORMATION REQUIRED WHEN ORDERING FULL BEAM DURATORQUES

CARRYING CAPACITY

This is the maximum load including the trailer weight.

SINGLE AXLE OR TANDEM

If tandem then the carrying capacity of each Duratorque is to be reduced by 25%.

HUB EQUIPMENT

Are hubs to be braked or non braked?
Are hubs to be assembled to the suspension by Trojan?
What is the stud pattern of the hubs to be.

FACE TO FACE MEASUREMENT

This is the measurement from the outside face of one hub to the opposite one. See A below.

MOUNTING CENTERS

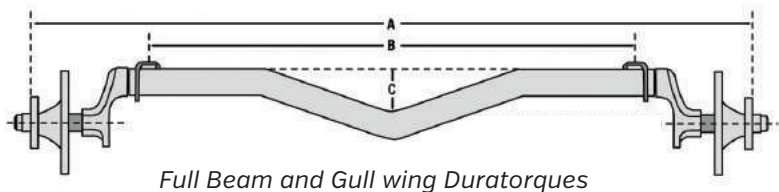

This measurement is from centre to centre of the mounting brackets. See B below.

GULL WING TYPE

Measurements A & B are required plus C which is the required depth of the bend. This can be 60mm, 90mm or 120mm.

IF THE CUSTOMER CANNOT SUPPLY A & B DETAILS ABOVE THEN THE FOLLOWING INFORMATION IS REQUIRED:

- Chassis overall width
- Is the Duratorque going to be mounted directly under the chassis or on an angle runner outside the chassis.
- Outside to outside measurement of mudguards.
- What is the inside & outside offset of the wheels being used.
- How many studs & what diameter.
- What is the pitch circle diameter.

Full Beam and Gull wing Duratorques

Trojan Straight Beam Type

| Part No: | Capacity: | Hub Type: |
|----------|-----------|------------------------------------|
| T101040 | 1000kg | Non braked & disc braked |
| T101044 | 1500kg | Non braked & disc braked |
| T101056 | 1500kg | Hydraulic drum braked |
| T101058 | 1500kg | Electric drum braked |
| T101059 | 1750kg | Electric drum braked |
| T101052 | 2200kg | Non braked hubs & disc braked |
| T101068 | 3000kg | Non braked, disc & electric braked |

Hub equipment is to be ordered seperately. When Electric drum brakes are fitted to 3000kg Duratorques the stopping capacity is 2000kg.

T101044

Trojan Gull-Wing Type

| Part No: | Capacity: | Hub Type: |
|----------|-----------|--------------------------|
| T101041 | 1000kg | Non braked & disc braked |
| T101045 | 1500kg | Non braked & disc braked |
| T101053 | 2200kg | Non braked & disc braked |
| T101068 | 3000kg | Non braked & disc braked |

Hub equipment is to be ordered seperately. Note: 3000kg Gullwing. Use p/n T101068 plus upgrade p/n T170995.

T101045

Duratorques

Trojan Half Axle Type

Note: These half type are sold & priced per side. Each side has the same part number but it is followed by either LH or RH. Those shown as RETRO fit are a direct replacement for very early versions. The capacity stamped on each half is the capacity for 1 pair not each one.

| Part No: | Capacity: | Type: | Hub Type: |
|-----------------------|-----------|-------|--------------------------|
| T081010LH / RH | 1000kg | | Non braked & disc braked |
| T081015LH / RH | 1000kg | Retro | Non braked & disc braked |
| T081016LH / RH | 1500kg | Retro | Non braked & disc braked |
| T081020LH / RH | 1500kg | | Non braked & disc braked |
| T092055LH / RH | 1500kg | | Electric braked |
| T092057LH / RH | 1750kg | | Electric braked |
| T092040LH / RH | 2200kg | | Non braked & disc braked |

T081010LH / RH

Note:
Hub equipment is to be ordered separately.
Early model hubs will not fit on retro Duratorques

From July 2011 all 1000kg, 1500kg & 1750kg Duratorques have been fitted with replaceable stub axle.

| SPARE PARTS | DESCRIPTION |
|------------------------------|---|
| Part No: T996020 - Stub Axle | 1000kg & 1500kg non braked & hydraulic disc |
| T996050 - Stub Axle | 1750kg non braked & hydraulic disc |
| T996023 - Stub Axle | 1500kg electric drum braked |
| T996053 - Stub Axle | 1750kg electric drum braked |
| T996025 - Stub Axle | 1500kg hydraulic drum braked |
| T996055 - Stub Axle | 1750kg hydraulic drum braked |
| T996025 - Stub Axle Nut | All |

Axles

Trojan manufactures a wide range of beam axles to suit most applications. These axles are for use with leaf spring suspensions and include straight beam, drop beam and gull wing types. Braked and non braked types are available. All axles can be supplied either galvanised or in bare metal form. Depending on the capacity, axle beams are manufactured using either 40mm, 50mm or 65mm square hollow box section. Beam axles are manufactured against firm order only and are built to the clients specifications. The following information is required when ordering these axles.

**Note that hub equipment is to be ordered separately.*

CARRYING CAPACITY

This is the maximum load including the trailer weight.

HUB EQUIPMENT

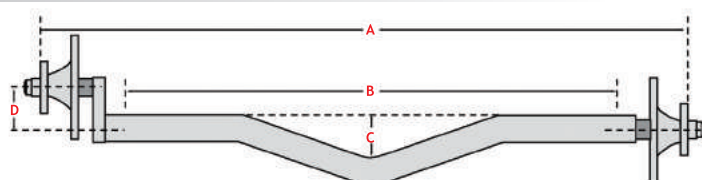

Are hubs to be braked or non-braked. Wheel Drilling required. [Stud pattern / PCD]

FACE TO FACE MEASUREMENT

This is the measurement from the outside face of one hub to the opposite one. See A on image.

SPRING MOUNTING CENTRES

This measurement is from centre to centre of the springs. See B on image.

GULL WING AXLES

Measurements A & B are required plus C which is the required depth of the bend. This can be 60mm, 90mm or 120mm. See C on image.

DROP BEAM AXLES

Measurements A & B are required plus D which is the required height of the drop. This can be 60mm or 90mm. See D on image.

IF THE CUSTOMER CANNOT SUPPLY A & B DETAILS THEN THE FOLLOWING INFORMATION IS REQUIRED:

- Chassis overall width. Minus 50mm. [This gives spring centres]
- Overall measurement outside the mudguards. Minus 30mm. This gives outside to outside of the tyres.
- Inside & outside offset measurement of the wheels with tyres fitted. From this together with the mudguard measurement the hub face to face can be calculated.

Axles

Axles do not include hub equipment which needs to be ordered separately. Refer to pages B7-12 for options. Refer to page B3 for information on how to order beam axles. Where Multi Fit Hubs are listed, this means either braked or non braked hubs can be fitted.

Trojan Straight Beam Type

| Part No: | Capacity: | Hub type: | Beam Size: | Finish: |
|----------------|-----------|--------------|-------------|------------|
| T020095 | 1200kg | Hyd 9" drum | 50 x 50 RHS | Bare metal |
| T020097 | 1500kg | 10" drum | 50 x 50 RHS | Bare metal |
| T010100 | 1500kg | Non braked | 50 x 50 RHS | Bare metal |
| T010102 | 1500kg | Non braked | 50 x 50 RHS | Galvanised |
| T020100 | 1500kg | Disc braked | 50 x 50 RHS | Bare metal |
| T020101 | 1500kg | Disc braked | 50 x 50 RHS | Galvanised |
| T020090 | 1750kg | 10" electric | 50 x 59 RHS | Galvanised |
| T020112 | 2000kg | Multi-hub | 65 x 65 RHS | Bare metal |
| T020113 | 2000kg | Multi-hub | 65 x 65 RHS | Galvanised |
| T020127 | 3000kg | Multi-hub | 65 x 65 RHS | Bare metal |
| T020129 | 3000kg | Multi-hub | 65 x 65 RHS | Galvanised |

Trojan Gull Wing Axles

Customer to specify depth of bend. 120mm max.

| Part No: | Capacity: | Hub type: | Beam Size: | Finish: |
|----------------|-----------|-------------|-------------|------------|
| T010103 | 1500kg | Non braked | 50 x 50 RHS | Galvanised |
| T020103 | 1500kg | Disc braked | 50 x 50 RHS | Galvanised |
| T020115 | 2000kg | Multi-hub | 50 x 50 RHS | Galvanised |
| T020114 | 2200kg | Multi-hub | 50 x 50 RHS | Galvanised |

General Info - Trojan Hubs & Stub Axles

TROJAN OFFER A WIDE RANGE OF BRAKED & NON BRAKED HUBS & STUB AXLES IN VARIOUS FORMS AND CAPACITIES. THIS ALLOWS THE USER TO SELECT THE CORRECT PRODUCT FOR THEIR PARTICULAR APPLICATION.

The following pages show descriptions of the products available plus part numbers. Shown below is clarification of some of the terminology used.

HUB KITS

These kits do not include Stub Axles and are for use on products such as Duratorques and Beam Axles where the Stub Axle is pre-fitted.

HUB & STUB SETS

These use the same Hubs as above but include Stub Axles. Required when the user is fabricating their own axles.

DRILLING

This shows the number of studs fitted to the hubs, the pitch circle diameter and the stud diameter i.e. 5 x 4 1/2 x 1/2. This shows the Hub is 5 stud, has a 4 1/2" pitch circle and the studs are 1/2" diameter.

FLANGE DIAMETER

This shows the outside diameter of the hub flange that the wheel studs are fitted to.

STUB AXLE DIAMETER

This refers to the diameter of the part of the stub axle which fits into and is welded to the axle beam.

INTEGRAL HUB & ROTOR

This relates to Disc Brake Hubs where the Hub & Disc Rotor are cast as one piece. Also refers to Drum Brakes where the Hub & Drum are one casting.

BOLT ON ROTOR TYPE HUBS

These hubs have provision for bolting on Disc Brake Rotors should it be decided to fit brakes at a later date. It also makes for simple replacement of worn rotors.

STUB AXLE & YOKE/FLANGE

This means the Stub Axle is fitted with a bracket allowing Disc Brake Calipers or Drum Brake Backing Plates to be bolted on.

TOP HAT ROTOR TYPE HUBS

This type of hub is an integral hub and rotor where the gap between the hub and rotor is filled in simulating a top hat appearance. These hubs are very common to Australian built trailers.

ALL TROJAN HUBS OFFER THE FOLLOWING FEATURES:

- All hubs are either Electro Zinc Plated or Galvanised.
- Only top quality Japanese Bearings are supplied unless customer specifies otherwise. [Except 3000kg]
- Grease Seals supplied with all hubs are Marine type with Stainless Steel fittings. [Except 3000kg]
- All Hub Kits and Hub & Stub sets are supplied complete with Bearings, Seals, Grease Caps, Axle Nuts, Washers & Split Pins.
- All kits & sets are sold as pairs, with the exception of 3000kg versions.

USAGE RECOMMENDATIONS FOR TROJAN HUBS & BRAKE EQUIPMENT:

- **Disc brakes** are suitable for any application where superior stopping power & low maintenance is required. The only brake recommended for boat trailers.
- **Drum brakes** should not be fitted to boat trailers as lack of performance and high maintenance costs will be incurred.
- **All Trojan hubs are rated per pair.** When used in Tandem this rating should be reduced by 25%.
- **All Trojan hydraulic brakes** can be operated by an override coupling to a maximum of 2500kg GVW. Over this weight a driver controlled brake system is required.
- **Electric drum brakes** are commonly fitted to Caravans & Horse Floats. A brake controller is required. These brakes have an integral mechanical park brake included. Trailer mounted controllers are available up to 2500kg.

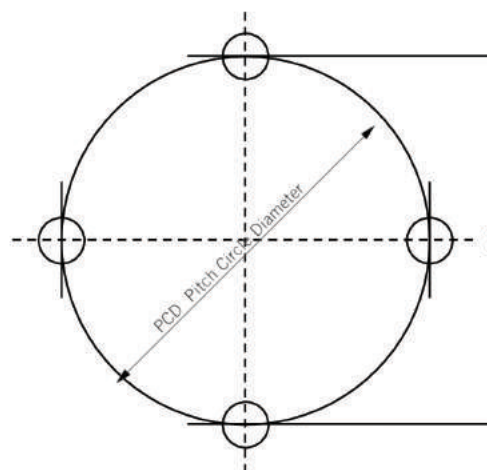

Hubs, Stubs & Drums METHOD OF CALCULATING

4 Stud PCD

To measure PCD on a 4-stud wheel: Measure from the centre of one stud to the opposite stud.
NB: Correct drill size for TROJAN stud (spline dia) is 1 7/32" or 13.75mm.

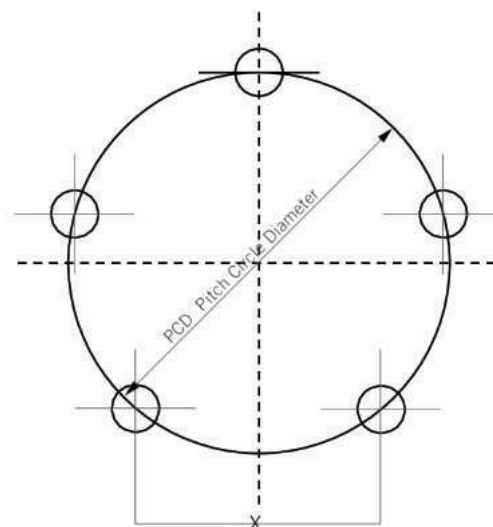

| 4-STUD PCD | | | |
|----------------|------------|--------|--|
| "x" in Inches: | 'x' in MM: | PCD: | Common Wheels: |
| 3.930" | 100.0mm | 100mm | BMW / Honda / Holden / Gemini |
| 4.000" | 101.6mm | 4" | Mini |
| 4.250" | 108.0mm | 4 1/4" | Escort / Cortina |
| 4.330" | 110.0mm | 110mm | Daihatsu Charade / RX Series Mazda |
| 4.500" | 114.3mm | 4 1/2" | Most Japanese / Triumph 2000/ Morris 1100 - 1300 |

5 Stud PCD

To measure PCD on a 5-stud wheel: Measure from the centre of one stud to the centre of the next stud.
Then calculate PCD using the chart below. NB: Correct drill size for TROJAN stud (spline dia) is 1 7/32" or 13.75mm

| 5-STUD PCD | | | |
|----------------|------------|--------|-------------------------------|
| "x" in Inches: | 'x' in MM: | PCD: | Common Wheels: |
| 2.351" | 59.715mm | 4" | AP5, AP6 Valiant |
| 2.498" | 63.449mm | 4 1/4" | Pre-HQ Holden & Torana |
| 2.645" | 67.183mm | 4 1/2" | Zephyr / VJ Valliant / Falcon |
| 2.792" | 70.916mm | 4 3/4" | HQ Holden / XJ6 Jaguar |
| 2.939" | 74.650mm | 5" | 58PA Vauxhall / Delta |
| 3.233" | 82.118mm | 5 1/2" | Bronco |
| 3.527" | 89.586mm | 6" | |
| 3.820" | 94.028mm | 6 1/2" | Landrover |
| 2.314" | 58.779mm | 100mm | Camry |
| 2.499" | 63.481mm | 108mm | |
| 2.591" | 65.832mm | 112mm | Mercedes |
| 2.777" | 70.535mm | 120mm | BMW / 6&8 Cyl Commodore |
| 3.008" | 76.413mm | 130mm | |
| 3.240" | 82.290mm | 140mm | |
| 3.703" | 94.046mm | 160mm | Ford Transit |

Hub Kits

1500kg Non Braked - Standard Type Fits 1000kg to 1500kg Non Braked Duratorques & Beam Axles

| Part No: | Description: | Flange diameter: |
|----------------|-------------------|------------------|
| T082005 | Blank | 155mm |
| T082008 | 4 x 100 x 7/16" | 155mm |
| T082010 | 4 x 4 x 7/16" | 140mm |
| T082015 | 4 x 4 1/4 x 7/16" | 155mm |
| T082018 | 4 x 110 x 7/16" | 155mm |

T037135

1750kg Australian Style Top Hat Rotors with Integral Hub Fits 1750kg Duratorques & Beam Axles Integral Hub & Rotor

Trojan offer an integral hub & disc rotor that are the Top Hat (Australian) design. These hubs are fully galvanized and are available in two common drillings. The rotor diameter is 255mm and thickness is 15mm. Hydraulic & Mechanical calipers are available to fit these rotors. These hubs are fitted with bearings that are rated at 1750kg per pair of hubs.

| Part No: | Description: |
|----------|------------------|
| T039135 | 5 x 4 1/2 x 1/2" |
| T039140 | 5 x 120 x 7/16" |

CALIPER SETS FOR THE ABOVE

| Part No: | Description: |
|----------|---------------------------------------|
| TPT1273 | Hyd Cast Iron x1 pair with pads |
| TPT1275 | Hyd Stainless Steel x1 pair with pads |
| T993469 | Mech caliper x 1 each with pads |

Note: These calipers will not fit NZ rotors. Use only with hubs pictured.

T039135

Hub Kits

3000kg Disc Brake Hub Kits - Bolt On Rotor Type Fits 3000kg Duratorques & Beam Axles

- 6 stud drilling only. 6 x 5 1/2 x 1/2
- Vented Rotors
- Heavy duty components
- Stub axle not included
- Various caliper & rotor combinations

T084555 + BRAKE UPGRADES

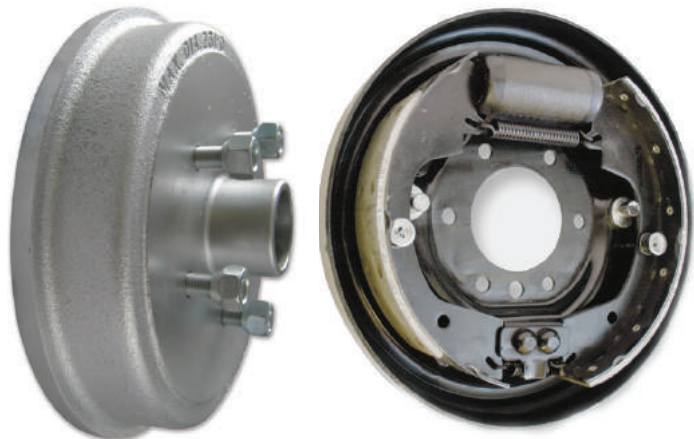

| Part No: | Description: |
|----------------|--|
| T084555 | Hub kit includes 1 x hub with bearings, seal, grease cap & axle nut x1 |
| TPT1361 | Cast Iron Rotor with Cast Iron Caliper x1 |
| TPT1363 | Cast Iron Rotor with Stainless Steel Caliper x1 |
| TPT1365 | Stainless Steel Rotor with Stainless Steel Caliper x1 |
| T170975 | Upgrade Stainless Calipers to be fitted with Mechanical Park Brake x1pr |
| T699413 | Rotor cast iron |
| T699415 | Rotor stainless steel |

Note: Unlike other Trojan sets sold as pairs, this 3000kg version is sold as per each.

1250kg Hydraulic Drum Braked Hub Kits. Fits 1000 & 1500kg Duratorques & Beam Axles

- Stub axle not included
- Drum 9" inside diameter
- Shoe width 1 3/4"
- No mechanical park brake
- Capacity per pair

T096035

| Part No: | Description: |
|----------------|------------------|
| T096035 | 5 x 4 1/2 x 1/2" |

Hub Kits

Electric Drum Braked Hub Kits

Two sizes of electric brakes are available being 10" diameter and 12" diameter. The 10" version is available fitted with either 1500kg or 1750kg bearings together with a range of common wheel drillings. The 12" version rated at 2000kg is available only in 6 stud. All version are fitted with a mechanical handbrake. 10" brake drums are electro plated. These hub kits do not include stub axles.

HUB KITS WITH 10" DIA DRUM-1500KG & 1750KG RATING

| Part No: | Description: |

3000kg Hydraulic Disc Braked Hub & Stub Set

| Part No: | Description: |
|----------------|--|
| T084555 | 1 x Hub complete with bearings, seal, grease cap, axle nut & washer. |
| T699237 | 1 x Stub axle with caliper mount. |
| TPT1361 | 1 x Cast iron rotor with cast iron caliper. |
| | Or |
| TPT1363 | 1 x Cast iron rotor with Stainless Steel Caliper. |
| | Or |
| TPT1365 | 1 x Stainless Steel Rotor with Stainless Steel Caliper. |

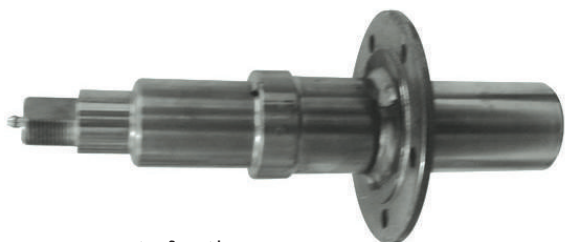

- 6 Stud drilling only. 6 x 5 1/2 x 1/2
- Stub axles fitted with grease nipple.
- Heavy duty components.
- Choice of Plated cast iron or Stainless Steel calipers & Rotors.
- Rotors are vented for cooler braking.

Unlike other Trojan hub & stub sets which are ordered as pairs, the components for these 3000kg versions are to be ordered individually.

Studs & Nuts

Trojan Acorn Nuts

To be used with Trojan Alloy rims. Refer to page E1

| Part No: | Units: | Threads: | Hex AF: | Taper: | Finish: |
|----------|--------|----------|---------|--------|---------|
| TPT1004 | Pkt/5 | 7/16" | 13/16" | 60° | Chrome |
| T994030 | Each | 7/16" | 13/16" | 60° | Chrome |
| TPT1024 | Pkt/5 | 1/2" | 13/16" | 60° | Chrome |
| T994031 | Each | 1/2" | 13/16" | 60° | Chrome |

TPT1004

Trojan Wheel Nuts

Trojan wheel nuts have 'tapered seats' and suit all common wheels.

| Part No: | Units: | Threads: | Hex AF: | Taper: |
|----------|--------|----------|---------|--------|
| TPT1001 | Pkt/5 | 7/16" | 3/4" | 60° |
| TPT1002 | Pkt/5 | 1/2" | 13/16" | 60° |

Trojan Wheel Studs & Nuts

Trojan wheel studs are the 'splined' type and are 'press fit' into holes drilled in the hubs. Early model studs had a smaller diameter spline than the current versions but are now unavailable. To fit the current studs, the holes in the hubs will need to be re-drilled to 13.75mm or 17/32". Trojan wheel nuts have 'tapered seats' and suit all common wheels. Nuts have 'tapered seats' and suit all common wheels.

| Part No: | Units: | Threads: | Hex AF: | Taper: | length: | Drill Dia: |

| TPT10065 | Pkt/5 | 1/2" | 13/16" | 60° | 43mm | 13.75mm |

Trojan Wheel Lock Nuts

Chrome wheel lock nuts. Includes key.

| Part No: | Units: | Threads: | Hex AF: | Taper: |
|----------|--------|----------|---------|--------|
| TPT10241 | Pkt/4 | 1/2" | 13/16" | 60° |
| TPT10242 | Pkt/4 | 7/16" | 13/16" | 60° |

Trojan Nut & Washer Kits

| Part No: | Description: |
|----------|--|
| TPT1008 | 1500kg & 1750kg hubs, includes 1 x 3/4" slotted nut, flat washer & split pin |
| TPT10081 | 2000kg hubs, includes special slotted nut, washer & split pin |

Bearing & Seal Kits

Trojan Bearing

The listed kits are for fitment to current production hubs. Refer to the Trojan spare parts catalogue for earlier models.

| Part No: | Description: |
|-----------------|--|
| TPT1010 | Bearing kit 1500kg, inc one each - LM11949 cone, LM11910 cup, LM67048 cone & LM67010 cup. |
| TPT1184 | Bearing & Seal kit 1500kg, inc one each - LM11949 cone, LM11910 cup, LM67048 cone, LM67010 cup, retaining washer, split pin, seal & wear ring. |
| TPT1129 | Bearing kit 2000kg, inc one eac - LM44649 cone, LM44610 cup, LM48548 cone & LM48510 cup. |
| TPT1186 | Bearing kit 1750kg, inc one each - LM12749 cone, LM12710 cup, L68149 cone & L68110 cup & seal assembly. |
| TPT10127 | Bearing kit 3000kg, inc one each - L15245 cone, L15123 cup, L5580 cone & L15123 cup. |

TPT1010

Trojan Seal Kits

The listed kits are for fitment to current production hubs.

| Part No: | Description: |
|-----------------|---|
| TPT1013 | Seal kit 1500kg, inc two each - Retaining washer, seal & wear ring. |
| TPT10131 | Seal kit 1500kg, inc one each - Retaining washer, seal & wear ring. |
| TPT10135 | Seal kit 1750kg, inc one each - Retaining washer, seal |
| TPT1014 | Seal kit 2000kg, inc two each - Retaining washer, seal & wear ring. |
| TPT10141 | Seal kit 2000kg, inc one each - Retaining washer, seal & wear ring. |
| T699241 | Seal kit 2000kg electric & 3000kg hubs, inc one each - Seal |

TPT1013

Trojan Grease Caps

Trojan have available a range of Grease caps to suit most common Trailer Hubs.

| Part No: | Description: |
|----------------|--|
| TPT1007 | 45mm dia cap - 2/pkt. Suits all Trojan 1500kg hubs, 1750kg hubs & early 2000kg hubs. |
| TPT1136 | 47mm dia cap - 1/pkt. |
| TPT1132 | 52mm dia cap - 2/pkt. Suits Trojan 2000kg hubs on early version |
| TPT1140 | 50.2 dia cap [1.980"] - 1/pkt. Suits Trojan 2000kg 2 piece hubs & late 2000kg one piece. |
| T699243 | 62.2 dia - Suits Trojan 3000kg hub |
| T994055 | 63mm suits 2000kg electric hubs |

Trojan Brake Calipers

GENERAL INFO - ORDERING TROJAN BRAKE CALIPERS

Trojan offer a range of brake calipers which cover all light trailer applications. This allows the user to select the correct product for their particular application. The following pages show descriptions of the products available plus part numbers. Shown below is clarification of some of the terminology used.

CAST IRON CALIPERS - HYDRAULIC TYPE

These are cast in SG iron and are Electro Zinc Plated for protection against corrosion. These calipers are fitted with a Phenolic piston which is a high strength non rusting material. Fittings, such as slide pins and bleed screws, are brass while other fittings are Stainless Steel. These calipers have a stopping capacity of 1500kg per pair when used with 225mm dia rotors and 2000kg with 275mm dia rotors.

STAINLESS STEEL CALIPERS - HYDRAULIC TYPE

These are cast in high grade Stainless Steel and offer total protection against corrosion. Ideally suited for fitment to boat trailers. These calipers are also fitted with Phenolic pistons and other fittings are either brass or stainless steel. The brake pads supplied with these calipers have a stainless steel backing plate, which prevents brake lining separation from corrosion. Other specifications are the same as the above cast iron version.

RETRO FIT CALIPERS - HYDRAULIC TYPE

These calipers are available in cast iron only and allow the direct replacement of the early MK2 Trojan hydraulic calipers which are no longer available. The only difference between the current calipers and these conversion types is the position of the mounting bolts. All other specifications are the same.

BOLT ON MECHANICAL PARK BRAKE CONVERSION

These stainless steel assemblies are a capsscrew attachment which is simply fastened to the original hydraulic caliper either the cast iron type or the stainless steeltype which allows the brakes to be activated mechanically to provide a parking brake. These units are handed and are available in both forward pull and centre pull options.

3000KG CAPACITY HYDRAULIC BRAKE CALIPERS

These are available in either Plated Cast Iron or Stainless Steel, with an integral mechanical park brake. The calipers are high quality and are fitted with stainless steel pistons and fittings. The mounting plate supplied allows the direct conversion from 12" dia electric drum brakes, as fitted to most imported USA built trailers and caravans, to the more efficient hydraulic disc brakes.

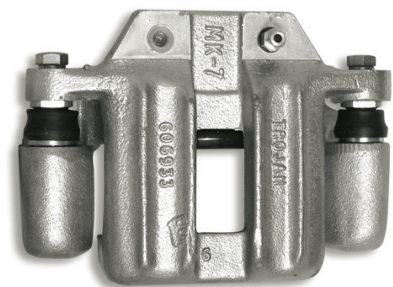

Disc Brake Calipers

Caliper sets, except where shown, include 1 pair calipers, pads & mounting hardware. Brake pads are asbestos free and when supplied with the Stainless Steel calipers have a Stainless Steel backing plate.

Cast Iron Hydraulic Calipers

| Part No: | Description: |
|----------------|--------------------------------------|
| TPT1098 | Trojan Caliper Set. Current model |
| TPT1099 | Trojan Caliper Set. MK2 conversion |
| T699203 | Kodiak Caliper suit 3000kg [1x only] |
| T993481 | Australian Caliper [1x only] |

| | TPT1106 - Piston - Short |
| | TPT1092 - Bleed Screw - 1 x 1/4" UNC |

Australian Hydraulic Calipers

TPT11202

| Part No: | Description: |
|-----------------|----------------|
| TPT11202 | 4 x brake pads |

Suit 3000kg Kodiak Hydraulic Calipers

T699240

| Part No: | Description: |
|----------------|------------------------------|
| T699403 | Cast iron caliper assy |
| T699405 | Stainless Steel caliper assy |
| T699240 | 4 x brake pads |

Brake Hoses

Trojan offer a range of kits used for piping Hydraulic braking systems. These are available for both 'single axle' & 'tandem axle' applications. Stainless steel braided hoses with stainless fittings are also available. Complies with SAE J1401. NB: All hoses & fittings are available in bulk.

Trojan Brake Hose & Fitting kits for Hydraulic Brakes

Trojan Brake Hose & Fitting kits include all necessary hoses and fittings required for plumbing of brakes.

| Part No: | Hose Type: | Application: |
|-----------|-------------------|---|
| TPT1021 | Standard rubber | Single axle disc brakes. |
| TPT10211 | Stainless braided | Single axle disc brakes. |
| TPT102111 | Stainless braided | Single axle with banjo fitting. |
| TPT1042 | Standard rubber | Single axle drum brakes. Spring suspension. |
| TPT1043 | Standard rubber | Single axle drum brakes. Duratorque. |
| TPT1044 | Standard rubber | Single axle banjo hose kit. |
| TPT1022 | Standard rubber | Tandem axle disc brakes. |
| TPT10221 | Stainless braided | Tandem axle disc brakes. |
| TPT102211 | Stainless braided | Tandem axle banjo hose kit. |
| TPT1049 | Standard rubber | Tandem axle banjo hose kit. |
| TPT10451 | Stainless braided | Tilt boom hose. 3/8" male fitting both ends |
| TPT10222 | Stainless braided | Tandem for 3000kg discs |

TPT1021

Trojan Brake Hoses - Replacements

Trojan Brake Hose & Fitting kits include all necessary hoses and fittings required for plumbing of brakes.

| Part No: | Hose Type: | Application: |
|----------|-------------------|--|
| TPT1037 | Standard rubber | 3/8" UNF male fittings |
| TPT10371 | Stainless braided | 3/8" UNF male fittings |
| TPT10372 | Standard rubber | 3/8" male to 3/8" female fittings |
| TPT1046 | Stainless braided | Fitted with 3/8" banjo & 3/8" male flare |
| TPT10461 | Standard rubber | Fitted with 3/8" banjo & 3/8" male flare |

TPT10372

Brake Tubing

| Part No: | Hose Type: |
|----------|--|
| T876700M | Copper tubing 3/16" dia - 15mtr rolls. Standard Copper |
| T179804 | Copper tubing 3/16" dia - 15mtr rolls. High Grade Copper |
| T179085 | Bundy tubing 3/16" dia - 12mtr rolls. Steel |

T876700M

Brake Hoses

Brake Tubing Saddles & Spare Parts

| Part No: | Description: |
|----------------|--|
| T8732 | Bridge Clip - saddles suit 3/16" tubing. Stainless steel. Each. |
| T361105 | Bridge clip - saddles suit 3/16" tubing. Stainless steel. Pkt/6. |
| T8735 | P clip - suits 3/16" tubing. UV resistant black Nylon. Pkt/100. |
| TPT1094 | Brass tee fitting 3/8" UNF |
| TPT1023 | Brass flare nut 3/8" UNF. Pkt/6. |
| T502564 | Half nut 3/8" UNF |
| TPT1097 | Adaptor kit 3/8" UNF - includes adaptor, flare unit & washer |
| T502465 | Copper washer |
| TM702-3 | Brass tee fitting 3/8" UNF - Drum Brakes Only |
| TP4285 | Tube nut 3/8" UNF - Drum Brakes |
| TPT1100 | Pipe joiner |

T873200

T873500

Braking Systems

Brake Commander

The Brake commander is an intelligent brake controller for most trailer applications. The braking system can easily be fitted to any trailer. The hand controlled remote allows the user to control the brake system from the comfort of the towing vehicle. 12V power supply and the option of a range of hydraulic cylinders to suit the required brake capacity.

| Part No: | Description: |
|----------------|---------------------------------|
| T349570 | 3/4" Mastercylinder |
| T349590 | 7/8" Mastercylinder |
| T349540 | Replacement remote control unit |

T349570

Valley Phantom Electric Brake Controller - 12V

An affordable brake control with ample power. The Phantom Trailer Brake control offers adjustable power output and multiple Reaction Time settings. Contained in a compact design that can be mounted in any position, Phantom's solid-state design provides trouble free stopping for trailers with electric brake systems. Features include - No leveling required. Solid state dependability. LED Indicator. Short-Circuit Detection. Self-Diagnostic. Manual Override lever provides stop lamp activation. Does not interfere with Vehicles anti-lock brake, Cruise Control or other electrical systems. Supports 2 or 4 brake systems. Easy installation includes mounting bracket, hardware and easy to follow installation instructions.

T328110

Tekonsha Brake Controllers

Proportional based controls offer a smooth braking response to almost any stop. Through the use of a sensing device, the brake control can determine the tow vehicle's rate of deceleration and then apply the trailer brakes to match. In other words, Proportional controls deliver power to the trailer brakes in direct relationship to the actual physical deceleration of the tow vehicle. There are a number of models and capacities available to suit your towing and braking requirements.

Voyager®

T9030AUS

The Voyager® incorporates Tekonsha's patented braking sensor and is the best value you'll find for smooth and secure trailer braking. It's compact size and features, like a bicolored LED brake monitor (to assure a complete connection to trailer brakes and give an indication of relative braking power being applied) make the Voyager® extremely versatile. Voyager® minimizes interference with tow vehicle electrical systems, uses a four wire hook up, has a broad setting range and is compatible with most any vehicle.

| Part No: | Description: |
|-----------------|------------------|
| T9030AUS | Tekonsha Voyager |

Primus™ IQ

T90160AUS

A totally proportional electric trailer brake control, the new Primus®IQ is self-leveling so no level adjustment is necessary. Utilizing the primary sensor technology from Prodigy®, the Primus®IQ now includes the "Boost" feature that gives users the ability to apply more initial trailer braking when towing heavier trailers. It works proportionally in reverse for backing into tough spots and includes a snap-in dash mounting clip and removable electrical connector that allows the unit to be quickly stored when not in use. You will appreciate the digital readout depicting a secure electrical connection, amount of voltage delivery to the trailer brakes and diagnostic features incorporated in the LED display.

| Part No: | Description: |
|------------------|--------------------|
| T90160AUS | Tekonsha Primus IQ |

Prodigy® P2

T90885AUS

Utilize for rental businesses, fleet ownerships or multiple tow vehicles. Requires no levelling.

| Part No: | Description: |
|------------------|---------------------|
| T90885AUS | Tekonsha Prodigy P2 |
| T90195AUS | Tekonsha Prodigy P3 |

Prodigy® P3

T90195AUS

P3; the industry's most advanced electric trailer brake control. True proportional braking systems, power boost for heavy duty towing integrated safeguards protecting your vehicle, automatic leveling ability, 5 storable settings and customizable LED display. P3 has many features, making it the new standard for electric trailer brake controls.

| Part No: | Description: |
|------------------|---------------------|
| T90195AUS | Tekonsha Prodigy P3 |

Hydrastars

Developed for use on all types of trailers fitted with hydraulic brakes, the Hydrastar gives smooth controlled braking under all conditions. The actuator, which mounts on the trailer, is activated via a controller which is mounted in the cab of the tow vehicle. Electric current is supplied through the controller to the activator which operates the brakes by way of a hydraulic pump. The controller allows adjustment of the braking effort to suit load and road conditions.

Carlisle Hydraulic Brake Activator, 12V - Unit

Hydrastar brake activator. Output pressure 1000psi. 12V. This model is activated by a hand held remote controller that simply plugs into the tow vehicles cigarette lighter. This eliminates the need to hard wire the vehicle and allows the trailer to be towed by any vehicle with 12 volts power supply.

T349120

| Part No: | Description: |
|----------------|--------------|
| T349120 | Complete Kit |

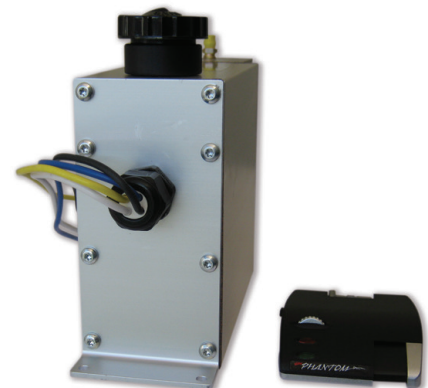

COMPONENTS

Part No: T349650 Breakaway Kit

Carlisle Hydraulic Brake Activator, 12V - Unit, Breakaway Kit & Cab Controller

Hydrastar brake activator. Output pressure 1200psi. 12V. Activated by an electronic controller hard wired into tow vehicle making it suitable for use with disc brakes.

T349110

| Part No: | Description: |

| TPT1048 | Galvanised wire for centre pull calipers |
| TPT10481 | Stainless wire for centre pull calipers |

TPT1047

Ex-Salt - The Brake and Hub Cleaning System

Ex-salt is an ideal corrosion prevention system for marine trailers. The system is designed to project a water spray onto the hubs and rotors of your boat trailer after immersion in salt water. The unit can be fitted at the trailer build stage or easily retro-fitted if you have an existing marine trailer. Made from high impact corrosion resistant materials that are UV protected for harsh conditions. Kit includes two spray heads, 4m hose, connectors and hose clips.

| Part No: | Description: |
|----------------|---|
| T550400 | Ex-Salt - The Brake and Hub Cleaning System |

T550400

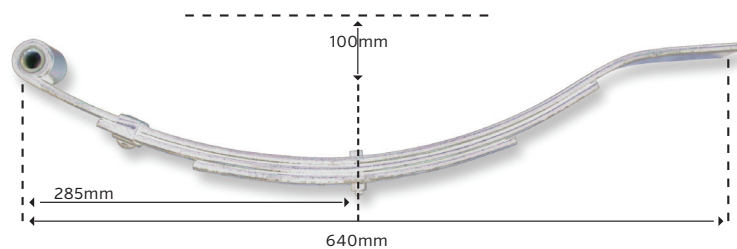

Leaf Springs

Trojan offer a comprehensive range of Leaf Springs in varying types. These include Slipper, Multi-Leaf, Slipper Taper Leaf & Double Eye. All Dacromet coated for corrosion resistance, unless otherwise stated.

Trojan Multi-Leaf Slipper - Short Series

Short series multi-leaf slipper springs
- Dacromet coated.

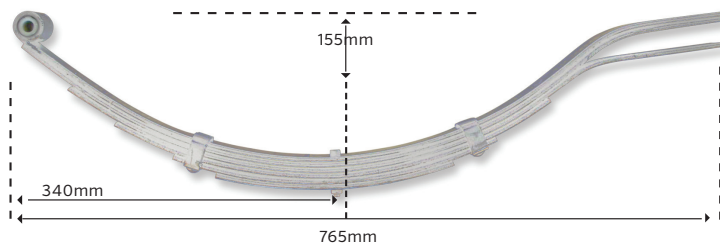

| Part No: | Capacity per pair: | No of leaves & sizes: | O/A length / Eye to centre bolt: | Eye Dia: |

| T267140 | 1400kg | 1 - 45mm taper | 765 - 370mm | 1/2" |

Leaf Springs Tandem Suspensions

Trojan Rocker Tandem Suspensions are designed to distribute the load equally over the four trailer wheels. This is achieved by having the springs mounted on a 'rocker bar' which pivots on a 'central hanger'.

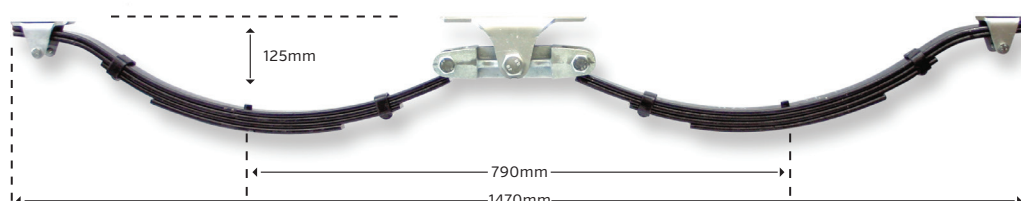

Trojan Eye to Slipper

This suspension has the eye end of the springs attached to the centre rocker. This offers maximum movement of the rocker and is a ideal suspension for commercial and off road applications.

| Part No: | Capacity: | Leaves: | Fitments: |
|----------------|-----------|--------------|-------------------|
| T284025 | 2200kg | 3 - 45 x 8mm | Direct to chassis |

Jockey Stands - Bulldog

Bulldogs 900kg round jacks are recognized as the industry standard by leading agricultural, commercial, horse, livestock, and other trailer manufacturers. For more than three quarters of a century, BULLDOG jacks have been demonstrated to be the most reliable, field-proven jacks on the market. Smooth, comfortable, ergonomic design. Dependable vertical and side load capacity. Proven reliability for long term use at rated loads. Precision fitted parts for extra stability. A-Frame models listed have grey painted outer and inner tubes - All other models have grey painted outer and clear zinc inner tubes.

Bulldog Parkleg Square SW Side - 4000kgs

Bulldog's 4000kg support capacity square jacks 'fills the gap' between 3600kg and 5400kg square jack product offerings. This is the highest quality and best performing jack available in the marketplace today, a total balance between capacity, speed and effort. The heavy gauge 75mm square tubing allows for direct weld mounting wherever the application allows with no burn through. The zinc plated inner tube and drop leg coupled with heavy duty reinforcement ensure zero water retention as well as smooth and easy cranking.

Jockey Stands - Bulldog

Bulldog Parkleg Square Heavy Duty - 5400kg

Strong, durable and sturdy. The bulldog 5400kg support capacity square jack is the BIG reason why Bulldog has carried the load in agricultural, construction, heavy-duty utility and horse / livestock trailer industries since 1923. All Bulldog 4" square jacks are rated for 5400kg support capacity and 4500kg lift capacity. The strength of the product, plus the wide variety of styles, makes this jack the best choice in its product class.

Fulton Winches

Fulton K Series Winches

Fulton brand K-Series self-activating automatic brake winches hold the load securely when the crank handle is released. Typical applications include boat lifts, grain augers, manual fork lifts, retractable swing keels, dumpster lid lifts, and manual hoists. Drum hubs are 10 times the recommended cable size to maximize cable life. The KX series offer plated gear covers for improved gear train protection and a dual ratchet system.

Trailer Kits

Trailer Kit 1 - The most flexible single axle trailer components pack

Trailer kit 1 is a single axle 'trailer in a box' with all the necessary components you need to build a homebuilt 6 x 4 or thereabouts handyman trailer. Steel is sold separately.

| Part No (loose): | Description: |
|------------------|---|
| TTRK001 | Trailer Kit 1 - up to 1500kg. Single axle 13" |
| TTRK004 | Trailer Kit 4 - up to 1500kg. Single axle 14" |

TTRK001 - contains:

T122035
Hub and Stub Kit Ford
incl. Bearings and seals

T303105
Jockey Wheel 6"

T522065
Wheel & Tyre
Assemblies

T266150
1500kg Spring Kit

T335108
Safety chain including bolt
and washer

T993965
TC 30 Coupling

T992200
50mm Square axle tube
2.2m length

T371015
LED light combo inc. 9m
cable and plug

T315063
Pair of Galvanized guards

T000B4PH
Plug holder

T271080
Jockey wheel U bolts x2

Trailer Kit 2 - The most flexible double axle trailer components pack

Trailer kit 2 is a double axle 'trailer in a box' with all the necessary components you need to build a homebuilt 8x4 or thereabouts tandem axle trailer. Steel is sold separately.

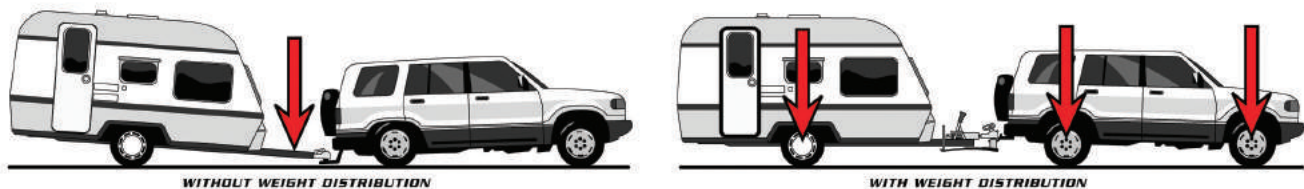

| Part No (loose): | Description: |
|------------------|---|
| TTRK002 | Trailer Kit 2 - up to 1500kg. Tandem axle 14" |

TTRK001 - contains:

T335110: Safety chain inc Bolt and washer, T303108: Jockey Wheel 6", T202664: TC30 Coupling, T992200: 50mm Square axle tube 2.2m length. x2, T122035: Hub and Stub Kit set Ford inc Bearings and Seals. x1, T135135: Hub and Stub Kit set Ford inc Bearings and Seals. x1, T535036: Wheel 13 x 5" Galv. x4, T284038: Tandem Slipper Eye. x1, T371015: LED light combo inc 9m cable and plug. x1, T371055: LED light combo inc 9m cable and plug. x2, T271080: Jockey wheel U Bolts. x1, T873200: Chassis Clips. x20, TPT1021: Hose Lift. x1, T867600M: Copper Tubing 15m, TPT1098: Caliper Set, T316058: Galvanized guards. 1 Pair, T000B4PH: Plug Holder.

Weight Distribution & Sway Control

Trojan Load Leveller's are weight distribution hitches which fit onto the drawbar of the trailer and are connected to the vehicles tow bar by way of two parabolic springs. By adjusting the spring tension, tail sag caused by the drawbar weight on the tow bar can be all but eliminated and in doing so weight is transferred over the entire length of the tow vehicle and trailer resulting in a level ride, more control and stability and safer braking. Trojan offer two different load levellers.

Trojan Load-Leveller

This Load Leveller is suitable for fitment to caravans with a maximum nose weight of 160kg. Adjustment is achieved by tensioning the leaf springs by way chain links being slotted into the brackets fitted to the trailer draw bar. All components are electro zinc plated.

| Part No: | Description: |
|----------|-----------------|
| T993921 | 160kg capacity. |

Trojan Load-Leveller Chain Tensioner

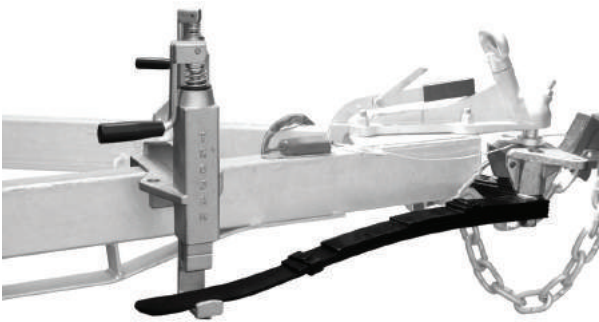

Allows the easy tensioning of the springs fitted to the above Load Leveller. The bar is 600mm long.

| Part No: | Description: |
|----------|-------------------------------|
| T993930 | Load-Leveller Chain Tensioner |

Trojan Load-Leveller Heavy Duty

This Load Leveller is for fitment to larger caravans with a maximum nose weight of 240kg. Adjustment is by way of wind up spring tensioner's with graduated load markings. Features include fold away handles and quick attachment / release springs plus built in anti sway mounts (anti sway is sold separately - part number T996936, refer to next page). All components are heavy duty and are zinc plated.

| Part No: | Description: |
|----------|----------------|
| T993925 | 240kg capacity |

Weight Distribution & Sway Control

Trojan Sway Control

Dual friction brake pad system provides constant and adjustable sway reduction. Secures with socket and spring clip connectors. Minimises trailer sway caused by high winds, curving roads or sudden maneuvers. Mounts to weight distribution hitch (sold separately). Detaches quickly for storage. Fits other common brands of Weight Distributors.

| Part No: | Description: |
|----------------|-------------------|
| T993936 | Sway control unit |

ADAPTOR KITS

| Part No: | Ratio: |
|----------------|--|
| T751930 | Adaptor kit to be used when fitting a Sway Control to a Load Leveller [T993921]. |
| T751980 | Adaptor kit to be used when fitting a Sway Control with no Load Leveller [T993921] in place. |

Trojan Bungy Cords with Hooks

Holding your gear down has never been easier. Sold as a pack of six containing 2 x 45cm (Red), 2 x 61cm (Black) and 2 x 76cm (Grey).

| Part No: | Description: |
|----------------|--------------------|
| T634310 | Bungy Cords - 6/pk |

Mirrors

Camco Blind Spot Mirrors

Convex wide angle mirrors to help eliminate blind spots. Adjustable 3600 mirror rotates for different driving positions. Large mirror surface effectively increases viewing angles.

| Part No: | Description: |
|----------------|--------------|
| T255930 | Set of 2 |

Trojan Extension Towing Mirror

These mirrors offer superior quality and design. Fits most pickups, sport utilities and van mirrors. 50 x 128mm mirror. Arms adjust to fit existing mirrors. Simple to fit.

| Part No: | Description: |
|----------------|---------------------------------------|
| T539080 | Arms adjust between 140 to 230mm high |

Mirrors

Trojan Extension Towing Mirror

These mirrors offer superior quality and design. Fits most passenger car side mirrors. 150 x 128mm mirror. Arms adjust to fit existing mirrors

| Part No: | Description: |
|----------|--------------------------------------|
| T539090 | Arms adjust between 90 to 180mm high |

Trojan Extension Towing Mirror - Extra Large

Easy installation. Suitable for towing caravans, campers, boats etc. Mounts onto door. Extra large stainless steel mirror head.

| Part No: | Description: |
|----------|---------------------------|
| T539100 | Extends from 330 to 470mm |

Spare Wheel Bracket & Towing Flag

Trojan Universal Spare Wheel Mount

A universal fitting spare wheel mount bracket that will fit most trailers and wheels. Suits 4 & 5 stud wheels. Suits pitch circles from 4" to 5". Includes security lock. Fits 50 to 100mm RHS drawbars. Galvanised finish.

| Part No: | Description: |
|----------|-------------------|
| T535080 | Spare Wheel Mount |

Trojan Over-length towing Flag

Traffic regulations require all loads that extend past the rear of a trailer by 1.2 metres or more to be indicated by a flag at least 300mm in size (check state regulations as these vary). Trojan have designed this Towing Flag especially for boat trailers as a tilted outboard normally exceeds the allowed overhang. Simply fit the bag over the propeller and fasten with the draw cord. For night time use, the flag is available with an LED battery light.

| Part No: | Description: |
|----------|--|
| T576005 | Flag bag with Light (No batteries incl.) |
| T576010 | Flag bag |

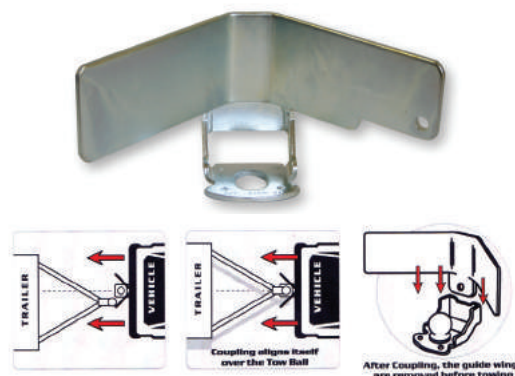

Coupling Alignment Accessory

Couple-Mate Coupling Alignment Accessory

Avoids vehicle damage. Can be fitted in minutes. Saves time on every hookup. Self aligns directly over your towball. Hooks up trailer - single handedly. Avoids arguments with your 'Co-driver'.

| Part No: | Description: |
|----------------|--------------|
| T570250 | Couple-Mate |

Bearing Protectors

Trojan Bearing Boss - Stainless Steel

Replaces grease cap and once full of grease keeps bearings lubricated. Eliminates premature bearing failure by keeping moisture out and bearings full of grease as grease is under slight pressure. Quick and easy to install! Stainless steel components. Sizes to suit most Trailers. Large grease capacity.

| Part No: | Description: |
|----------------|--|
| T178100 | Dia 45mm, suits Trojan 1500kg hubs - bra included. |
| T198000 | Dia 50mm, suits Trojan 2000kg hubs. Late. |
| T204700 | Dia 52mm, suits Trojan 2000kg hubs. Early. |
| T570028 | Bearing boss bra - pair |

RV/ Caravan Levels

Trojan Bullseye Level

Mounts anywhere on or in your RV / Caravan. Round domed level reads 360° at once.

| Part No: | Description: |
|----------------|----------------|
| T309415 | Bullseye Level |

Camco Bullseye Level - Large 63.5mm diameter

Mounts anywhere on or in your RV / Caravan. Round domed level reads 360° at once.

| Part No: | Description: |
|----------------|----------------|
| T255730 | Camco bullseye |

RV/ Caravan Levels

Trojan Cross Check Level

Mounts anywhere on or in your RV / Caravan. Reads two directions at once - provides front to back and side to side leveling.

| Part No: | Description: |
|----------|--------------------------|
| T309615 | Trojan Cross Check Level |

Trojan Reflective Levels

Mounts anywhere on or in your RV / Caravan. Easily seen from a distance. Used for front to back or side to side leveling.

| Part No: | Description: |
|----------|--------------|
| T309915 | 2/pack |

Leveling / Stabilising Accessories

Camco Tri-Leveler

Raise your RV up to 2 - 7cm on any tyre for a more level position. Helps appliances and tanks operate more efficiently. Lightweight, durable resin has a non-slip surface. Each Tri-Leveler has a load capacity of 1500kgs

| Part No: | Description: |
|----------|-------------------|
| T445730 | Camco Tri-Leveler |

Camco Wheel Chock

Chocks keep your trailer in place so you can re-hitch with confidence. Solidly constructed of durable hard plastic with UV inhibitors.

| Part No: | Description: |
|----------|--------------|
| T444120 | Camco Chock |

Camco Super Wheel Chock

Keep your vehicle and trailer from moving. Keep your trailer in place and re-hitch with confidence. Solidly constructed of durable polypropylene with UV inhibitors. Extra large size.

| Part No: | Description: |
|----------|------------------------|
| T444920 | Camco Super WheelChock |

Leveling / Stabilising Accessories

Camco Stabiliser Jack Pads

Specifically designed for use with stack jacks, fifth wheel stabilisers, swing down stabilisers and awning arms to keep them from sinking into soft ground. Interlocking for convenient storage with handy strap. Built in handle for ease of use. Solidly constructed of durable polypropylene with UV inhibitors.

| Part No: | Description: |
|----------------|--------------|
| T445950 | 4 Pack |

Camco AccuPark

Parking made easy! Park your vehicle in the same place every time with AccuPark. Great for cars, trucks, RVs and trailers. Adhesive tape strips included.

| Part No: | Description: |
|----------------|----------------|
| T444420 | Camco AccuPark |

Camco Self-Stor Step Support

Mount under RV entry steps for safety. Swings up and stores securely under RV Step. Stabilises steps and helps keep coach from rocking. 453kg limit.

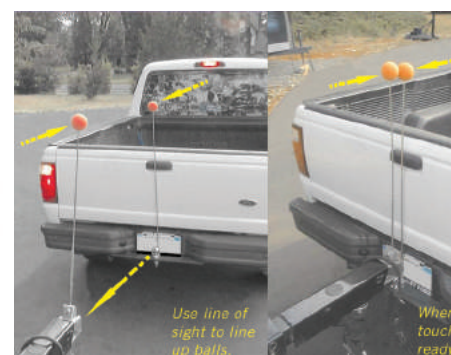

| Part No: | Description: |
|----------------|------------------------------|
| T436710 | Camco Self-Stor Step Support |

Valley Hitch Aligner

Get aligned the first time without assistance and annoying hassle of repeatedly getting in and out of your vehicle to check alignment. The brightly coloured day glow balls are easy to line up using line of sight. When the balls touch, you're ready to hitch! The telescoping rods extend up to 1.06mtrs and collapse down to 34.3cms for storage. Attach one of the units to the trailer and the other to the hitch. Heavy duty magnets in the base of the units stick firmly to any steel surface. Weighs less than 340grams and the chrome finish prevents rust for long life.

| Part No: | Description: |
|----------------|----------------------|
| T534100 | Valley Hitch Aligner |

Trojan Coupling Locks

Trojan Coupling Locks

Trojan Coupling Locks have a hardened steel lock and pin. Keys are supplied with each lock. These locks allow the trailer coupling to be locked while either connected or disconnected from the tow vehicle. The lock for the Trojan TC30 coupling replaces the lock pin supplied with the coupling while for Duofit Couplings there is a provision to fit it into the coupling head where it prevents the handle from being lifted.

| Part No: | Description: |
|----------------|---------------------------------|
| T550304 | Trojan TC30 - All models |
| T550303 | Trojan Duofit 2500kg non-braked |

T550304

Trojan Coupling Lock - Multi Fit

This Trojan Coupling Lock is a device which fits into the coupling ball socket preventing the trailer from being connected to the tow vehicle. It is expandable so will suit both 50mm & 1 7/8" couplings. Two keys are supplied with each lock.

| Part No: | Description: |
|----------------|--------------------------------|
| TR85120 | Trojan Multi fit coupling lock |

TR85120

Trojan Guardian Coupling Lock

This zinc coated security device allows the securing of both non-braked and braked couplings and is a visual deterrent to help avoid theft. It comes complete with a good quality lock and is easy to use.

| Part No: | Description: |
|----------------|-------------------------------|
| T550308 | Trojan guardian coupling lock |

T550308

Trojan Wheel Lock Nuts

Chrome wheel lock nuts. Includes key.

| Part No: | Unit: | Thread: | Hex AF: | Taper: |
|-----------------|-------|---------|---------|--------|
| TPT10241 | Pkt/4 | 1/2" | 13/16" | 60° |
| TPT10242 | Pkt/4 | 7/16" | 13/16" | 60° |

Wheel Clamps

Trojan Defender Plus Wheel Clamp

Developed especially for use on all types of trailers, the Trojan Defender Plus Wheel Clamp offers maxium security against theft. Not only is the clamp a

visible deterrent to would be theives, it will actually immobilize the trailer if any attempt to tow it is made.

This clamp offers the following features:

- Robust construction
- Wheel cover preventing removal of wheel nuts
- Clamps securely to wheel by way of winding adjustment
- Tamper proof lock
- Fits 13" to 16" wheels up to 235mm wide
- Immobilizing spikes fitted which puncture the tyre if attempted to be towed

T522000

| Part No: | Description: |
|----------|----------------------------------|
| T522000 | Trojan Defender Plus Wheel Clamp |

Trojan Defender Wheel Clamps

The Trojan Defender Wheel Clamp is quick and simple to fit, has a zinc and powder-coated finish and is fitted with a high quality lock. It also includes a disc which helps to cover the wheel nuts adding a further deterrent from theft. It has been designed to fit most 13" to 15" wheels.

T522101

| Part No: | Suits Tyre Width: |
|----------|-------------------|
| T522101 | 165 - 195mm |
| T522102 | 195 - 235mm |

Clearance & Marker Lights

Trojan LED Marker Light - Multi Volt

RV, Caravan & Boat Lighting

Trojan LED Puck Lights

Highly polished 304 stainless steel with clear PC lens. Lens is specially designed to vastly distribute light illuminated from white LED's. Circuit board completely sealed in epoxy to resist water, corrosion and vibration. Super bright LED's of 0.5W or P4 types are used for designated brightness. Rated at 12V and operative at 13.8V. Ideal for RV, Boat and Cabin etc. Super long life span of LEDs up to 50,000hours.

| Part No: | Description: | Amps Draw: |
|----------------|--------------|------------|
| T372017 | 78mm Dia | 160mA |

Trojan Low Profile LED Down Light

Low Profile LED Down light is particularly suitable to more applications where the depth of cut-out hole is limited. Highly polished 304 stainless steel, down light with clear PC lens. Lens is specially designed to distribute light illuminated from white LED's. Circuit board completely sealed in epoxy to resist water, corrosion and vibration. 18 LED's is the approximately equivalent brightness of a 7 watt halogen bulb at a rated 12V. Rated at 12V and is operative at 13.8V. Super long lifespan up to 100,000 hours.

| Part No: | Description: | Amps Draw: |
|----------------|--------------|------------|
| T372005 | 65mm Dia | 120mA |

RV, Caravan & Boat Lighting

Trojan LED Cabin Light

White Plastic housing accommodated with switch is convenient and great for cockpit or interior use. Clear PC lens is specially designed to vastly distribute light vastly illuminated from white LED's. Circuit board completely sealed in epoxy to resist water, corrosion and vibration. Available in white and white/red Nav. combination. 18 LED's is approx. equivalent to the brightness of a 7 watt halogen bulb at 12V. Rated at 12V and operative at 13.8V. Super long life span up to 100,000 hours.

| Part No: | Description: | Amps Draw: |
|----------|------------------------------|------------|
| T372015 | White LED's, 103mm dia | 120mA |
| T372013 | White & Red LED's, 103mm dia | 80/60mA |

Trojan LED Interior or Cabin Lights

Highly polished 304 stainless steel, or white powder coated aluminum dome light, with clear PC lens. Lens is specially designed to vastly distribute light illuminated from white LED's. Circuit board completely sealed in epoxy to resist water, corrosion and vibration. 18 LEDs is approximately equivalent to brightness of a 7 watt halogen bulb at 12V. Rated at 12V and operative at 13.8V.

| Part No: | Description: | Amps Draw: |
|----------|-------------------------------------|------------|
| T372009 | White surround, 140mm dia | 120mA |
| T372011 | Stainless steel surround, 140mm dia | 120mA |

Trojan Compartment Light

Opal PC lens and PC housing, 21mm thru wall mounting. This submersible light is great for livewells, lockers or compartments. Circuit board completely sealed in epoxy to resist water, corrosion and vibration. Rated 12V designed at 13.8V. Super long life span up to 100,000hours.

| Part No: | Description: | Amps Draw: |
|----------|--------------|------------|
| T372021 | 32mm dia | 20mA |

Trojan LED Rail Lights 12V

This series of lights feature rotating frame to adjust light direction to where needed. Superbright LEDs output sufficient illumination to a desired area, optional Red/White LED configurations. Frosted plastic lens and white painted alum extrusion frame. Three sizes available

| Part No: | Description: | Amps Draw: |
|----------|--------------|------------|
| T372101 | 150mm long | 80mA |
| T372103 | 300mm long | 160mA |
| T372105 | 450mm long | 240mA |

Outdoor Accessories

Trojan RV / Caravan Step - Aluminium

Light weight aluminium construction. Non-corroding.
Compact collapsible design. Locking legs for safety.
Extra large non-slip surface.

| Part No: | Size: |
|----------------|-------------------|
| T578151 | 605 x 350 x 200mm |

Trojan RV / Caravan Step - Steel

Zinc plated steel. Fold away design. Small foot print.
Robust construction. Anti-slip tread surface

| T578153 | 490 x 200 x 150mm |

Camco RV Folding Step Stool

You'll find dozens of uses inside and outside your RV for this versatile stool. When not in use, it folds up neatly to tuck into a 5cm wide space. Open to a generous 30 x 32 x 23cm step stool that's sturdy enough to support up to 136kgs.

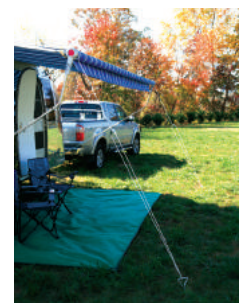

| Part No: | Size: |
|----------------|----------------|
| T436350 | 30 x 32 x 23cm |

Camco Awning Stabiliser Kit

Secure your awning economically. Spiral stakes work well in all kinds of soil and are ideal for securing in sandy conditions. Tension units keep ropes securely taut. Easy to use kit stores compactly and fits most awning sizes.

| Part No: | Qty: |
|----------------|-----------------------------|
| T425630 | Camco Awning Stabiliser Kit |

Camco De-Flapper MAX

A new, larger version of the original De-Flapper with wider grippers to keep awnings even more stable in wind or rain. Patented

| Part No: | Description: |
|----------------|----------------------|
| T422510 | Camco De-Flapper MAX |

Outdoor Accessories

Camco De-Flapper

Protect your RV awning from costly rips and tears while preventing noisy wind flapping. De-Flapper holds securely with hook and loop fastener straps. Made of durable nylon with UV stabilisers, chemically resistant and rust proof. Universal fit. Soft, non-marring grippers protect awning fabric. Can be used with screen room in place.

| Part No: | Qty: |
|----------------|--------|
| T420610 | 2.Pack |

Camco Awning Roller with Screen Door Slide

Roller mounts directly onto door to protect awnings from wear and tear without marring the awning. Zinc plated housing provides years of peak performance.

| Part No: | Description: |
|----------------|--|
| T420030 | Camco Awning Roller with Screen Door Slide |

Camco Spiral Anchor

Secure your pet outside. Works well in all kinds of soil; ideal for securing in sandy areas. Swivel ring helps prevent your pet's chain from becoming wrapped around the stake.

| Part No: | Description: |
|----------------|---------------------|
| T425720 | Camco Spiral Anchor |

Water Heating Hardware

Camco Camlocs

Camlocs replace water heater door latch assemblies.

| Part No: | Qty: |
|----------------|--------|
| T921300 | 2/card |

Camco Anode Rods

Anode rods extend the life of a water heater by attracting corrosive elements in the water, protecting your tank and elements from corrosion.

| Part No: | Description: |
|----------------|---|
| T115530 | Magnesium rod for Atwood heaters. 1.2cm diameter. 11cm long. |
| T115630 | Aluminum rod for Suburban (Mor-Flo) heaters. 1.9cm diameter. 24cm long. |

T115530

T115630

Vents

Camco Polypropylene Replacement Vent Lids

Impact resistant vent lids come pre-assembled and includes all mounting hardware for quick, easy installation on all 35.5 x 35.5cm RV vents. Hardware is rust resistant. Replaces models below:

| Part No: | Description: |
|----------------|-----------------------------|
| T401520 | New Jensen for metal vent |
| T401580 | Ventline, Elixir since 1994 |
| T401590 | Elixir before 1994 |

T401520

T401580

T401590

Camco Polycarbonate Vent Lids

35.5 x 35.5cm vent lids are pre-assembled and include rust-resistant mounting hardware for quick, easy installation. Lifetime warranty.

| Part No: | Description: |
|----------------|----------------------------|
| T401680 | Ventline Elixir since 1994 |

Old Style Elixir

New Jensen Metal Vent

Ventline & new Elixir

Camco Universal Vent Installation Kits

Replace or install roof vents, side mount vents, plumbing stacks and refrigerator vents. 1.9cm x 2.4mtr kits include screws and instructions.

| Part No: | Description: |
|----------------|--|
| T250030 | With grey putty tape for aluminum or other metal roof. |
| T250130 | With white butyl tape for rubber roof. |

T250030

T250130

Ventline Ventadomes

Specifically designed for recreational vehicle use. Two types available - non- powered or fitted with an efficient 12 volt fan complete with switch. Screw mounted. Manual crank dome lift. 35.5 x 35.5cm. Fits standard 14"x 14" hole. Suits roof thickness of 25 - 50mm. Other sizes available.

| Part No: | Description: |
|----------------|--------------------------------|
| T578105 | Non-powered Ventline Ventadome |

Vents

Camco Aero-flo RV Roof Vent Cover

Achieves high flow fresh air ventilation and light into your RV, rain or shine. Streamlined covers have 30% more open vent area than other brands. Swing open design makes cleaning easy. Made of rugged UV stabilised resin. Instructions and necessary hardware is included. Installs easily by mounting to existing 35.5 x 35.5cm roof vent.

| Part No: | Description: |
|----------------|-----------------------------------|
| T404210 | Camco Aero-flo RV Roof Vent Cover |

Camco Lights Out Vent Shade

Prevent light from shining into your RV sleeping quarters at night. Easily mounts to ceiling and retracts into the space efficient housing to allow light inside during the day. Opens to 35.8 x 48.2cm. The durable and lightweight vinyl's reflective finish reflects heat to keep RV cool.

| Part No: | Description: |
|----------------|-----------------------------|
| T429130 | Camco Lights Out Vent Shade |

Trojan Solar Vents

A brilliant simple way to ventilate boats, caravans, RV's etc. Powered by natural light - Operates without wires, batteries or running costs. Helps reduce mould, mildew, moisture and excessive heat buildup. 215mm diameter. T545150 is low profile, projecting 36mm & T545000 projects 60mm above your caravan roof or boat deck. Two styles available.

| Part No: | Description: |
|----------------|-------------------------|
| T545000 | White plastic cowling |
| T545150 | Stainless steel cowling |

Body Hardware

Camco Baggage Door Catches

Durable ABS plastic. Keep baggage compartments open while loading and unloding for easy access. Easily mounts directly on RV.

| Part No: | Qty: |
|----------------|--------|
| T441730 | 2/pack |

Kitchen & Bathroom

Camco Adjustable Width Drink Holder

Prevent spills with the adjustable drink holder. Mounts quickly and easily in RV's, cars, vans, trucks and boats. Arms easily adjust to hold almost any size bottle, can or mug. Mounts with tape or screws.

| Part No: | Description: |
|----------------|--------------|
| T440430 | Brown |
| T440440 | Black |

Camco Mini Dish Drainer & Tray

Fits RV sinks, and is sized just right for limited counter space. Sloped drainer tray keeps counters dry. Drain tray snaps on top of rack for handy storage. Durable heavy-duty construction.

| Part No: | Description: |
|----------------|--------------------------------|
| T435110 | Camco Mini Dish Drainer & Tray |

Camco RV / Marine Sink Mat

Cushion and protect glassware and dishes. Small size vinyl mat is specifically engineered for RV & Boat sinks. Multiple drain holes allow water to flow freely through mat. Mildew resistant. 25 x 28.5cm.

| Part No: | Description: |
|---------------|----------------------------|
| T43720 | Camco RV / Marine Sink Mat |

Camco Refrigerator Bars

Keep order in your refrigerator during travel. Spring loaded bars keep items in place. Extend from 40.6 to 71cm.

| Part No: | Description: |
|----------------|---------------------------------|
| T440730 | Double Refrigerator Bar - White |

Camco Stack-A-Plate

Has a non-slip backing. Use in your cabinet to keep plates organised, and to stop them from sliding and rattling. Plates stay in place while traveling and are more protected from breakage. Set of two - one fits plates up to 18.4cm; the other fits plates up to 26cm. Colonial white. Dishwasher safe.

| Part No: | Description: |
|----------------|---------------------|
| T436010 | Camco Stack-A-Plate |

Kitchen & Bathroom

Camco Fridge Brace

Keep food from sliding as you travel. Helps keep cartons upright to reduce the risk of messy spills. Two pack.

| Part No: | Description: |
|----------------|--------------------|
| T440330 | Camco Fridge Brace |

Camco RV/Marine Showerhead

Enjoy longer showers with this ergonomically designed, hand held showerhead. Handy on/off switch allows you to pause water flow while shampooing, greatly reducing the amount of water used. No more rushing your shower to conserve water. Choice of four spray patterns from a drenching rain to a gentle massage. Heavy-duty construction for years of use. Washers included

| Part No: | Description: |
|----------------|------------------------------------|
| T437100 | Chrome showerhead |
| T437180 | Two-position adjustable wall mount |

Camco Pop-A-Toothbrush

Protect and store toothbrushes with this easily- installed holder that guards against dust and germs. Cover opens automatically when toothbrush is pulled forward. Vented for quick drying. Double-sided tape allows for permanent mounting.

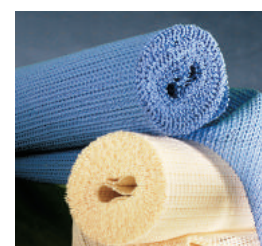

| Part No: | Description: |
|----------------|------------------------|
| T572030 | Camco Pop-A-Toothbrush |

Camco Slip-Stop

Keep everything safe and secure by preventing slipping and sliding. Washable, easily trimmed material works in tool boxes, rugs, van floors, shelves, dash boards or anywhere things slide around or rattle in your RV. Use as a liner between plates, cups and appliances.

| Part No: | Description: |
|----------------|---|
| T432770 | Cream - 30.5cm wide / 3.6mtrs long (roll) |
| T432780 | Blue - 30.5cm wide / 3.6mtrs long (roll) |

Camco Wall Mount Trash Can

Compact trash can mounts to wall or inside cabinet. Features swing top lid. Patent pending.

| Part No: | Description: |
|----------------|----------------------------|
| T439610 | Camco Wall Mount Trash Can |

Cleaners

Camco Full Timers Choice Black Streak Remover 946ml

Power away stubborn black streaks caused by window and door sealant and roof coatings. Great for interior cleaning too.

| Part No: | Description: |
|----------------|--|
| T410020 | Camco Full Timers Choice Black Streak Remover |

Camco Full Timers Choice Awning Cleaner

Remove mold, mildew, dirt, tree sap and road grime with the industrial strength formula that's safe for all awning fabrics.

| Part No: | Description: |
|----------------|--------------|
| T410220 | 946ml |

Camco Armada Mighty Brite Mildew Stain Remover 453g

A revolutionary dry powder formula developed to chemically remove all organic stains such as mildew, mould and other fungus as well as removing dirt and brightening all soiled materials (not suitable for silk, leather or wool). It is non-toxic and biodegradable, will not cause damage from over-use and is safe on all colours. Makes 15ltrs.

| Part No: | Description: |
|-----------------|---------------------------|
| T40904MB | Camco Armada Mighty Brite |

Camco Armada AquaBlock Waterproofing & Stain Repellent 473ml

Contains UV and mildew resistant agents. Most manufactures apply a fluorocarbon polymer to the cloth for waterproofing and stain repellency. This is the most durable and effective waterproofing technology currently known. AquaBlock uses virtually the same fluorocarbon technology as the manufactures do to last an entire season. Application is therefore more effective, durable and easier to use than a less compatible agent. It has been independently laboratory tested against the three leading products in the marine industry and was found superior.

| Part No: | Description: |
|----------------|------------------------|
| T409140 | Camco Armada AquaBlock |

Cleaners

Camco Armada Bilge Cleaner 3.8ltrs

Super concentrated, professional strength formula dissolves and eliminates grease, oil, fuel, scum, and sludge from your bilge while leaving behind a fresh clean scent. Non-toxic and biodegradable.

| Part No: | Description: |
|----------------|----------------------------|
| T408970 | Camco Armada Bilge Cleaner |

Camco Adjustable Wash Brush

Adjusts from 1.10mtrs up to 1.80mtrs long. Built in On/Off switch provides full water control. Versatile brush features a 28cm wide cleaning head with two types of bristles for maximum cleaning power: white bristles lift dirt and gray bristles brush it away!

| Part No: | Description: |
|----------------|-----------------------------|
| T436330 | Camco Adjustable Wash Brush |

Fresh Water

Camco Original Recessed Water Fill

Replace your cracked or broken RV water fill with an original replacement part. Also suitable for new installations. Durable white plastic construction - will not rust or corrode. 32mm.

| Part No: | Description: |
|----------------|------------------------------------|
| T372210 | Camco Original Recessed Water Fill |

Camco TastePURE Drinking Water Freshener 473ml

Eliminate algae and slime build up from drinking water tanks. Just 29mls helps remove bad smells and taste from 75ltrs of water.

| Part No: | Description: |
|----------------|-----------------|
| T402060 | Camco TastePURE |

Camco TST Drop-INS

Handy, convenient individual dose pouches come in an easy to use resealable bag. One pouch treats an entire tank. Dissolves instantly, eliminates odors on contact. Contains 12 treatments.

| Part No: | Description: |
|----------------|-------------------|
| T402690 | Original - 12/bag |

Sanitation

Camco TST Grey Water Odor Control 946mls

Remove grease buildup in your grey water tank, sink and shower drain lines with this newly reformulated treatment. Only 118mls per 151ltrs eliminates foul odors, leaving a fresh lemon scent.

| Part No: | Description: |
|----------------|-----------------------------------|
| T402520 | Camco TST Grey Water Odor Control |

Camco Easy Slip Ready-to-Use RV Sewer Kit

This complete sewer kit comes assembled with everything you'll need for a quick, reliable sewer hook up. Non restrictive for free flow and faster dumping. Includes 3mtr sewer hose, Easy Slip bayonet straight hose adapter and Easy Slip sewer elbow with 4-in-1 adapter. Hose support not included.

| Part No: | Description: |
|----------------|---------------------------|
| T395510 | Camco Easy Slip Sewer Kit |

Camco Revolution Swivel RV Sewer Kit - 6mtrs

This complete sewer kit comes assembled with everything you'll need for a quick, reliable sewer hook up. Features new 360° swivel fittings. Non-restrictive for free flow and faster dumping. Includes two 3mtr heavy duty vinyl sewer hoses with pre- attached swivel fittings and one swivel bayonet sewer hose elbow fitting with 4-in-1 adaptor. Hose support not included.

| Part No: | Description: |
|----------------|--------------------------------------|
| T396250 | Camco Revolution Swivel RV Sewer Kit |

Camco Heavy Duty RV Sewer Hose

Heavy duty hose is 15 mils of brown HTS vinyl, created for the seasonal RVer who makes weekend trips during the summer camping season. The 3mtr hose compresses to 46cm and the 4.6mtr to 58cm for storage.

| Part No: | Description: |
|----------------|--------------|
| T396210 | 3mtr |
| T396310 | 4.6mtr |

Camco RV Internal Hose Coupler

Connects two sewer hoses together.

| Part No: | Description: |
|----------------|--------------------------------|
| T392030 | Camco RV Internal Hose Coupler |

Sanitation

Camco RV 45° Hose Adapter

Connects sewer hose to RV.

| Part No: | Description: |
|----------------|---------------------------|
| T394030 | Camco RV 45° Hose Adapter |

Camco RV Straight Hose Adapter

Connects sewer hose to RV.

| Part No: | Description: |
|----------------|--------------------------------|
| T394130 | Camco RV Straight Hose Adapter |

Camco RV Sewer Hose Seal

10 x 7.6cm sponge ring works with the grey water seal or directly on sewer hose for an odour proof connection to dump station.

| Part No: | Description: |
|----------------|--------------------------------|
| T393130 | Camco RV Straight Hose Adapter |

Camco RV Sewer Cap

Cap your sewer connection to prevent leaks. Cap with hose connection allows you to drain grey water tank easily.

| Part No: | Description: |
|----------------|--------------------|
| T394630 | Camco RV Sewer Cap |

Camco 3-inch RV Waste Valve

Valve to allow waste to control.

| Part No: | Description: |
|----------------|----------------------|
| T395130 | Camco RV waste valve |

Camco Clear Sewer Hose Adapter

Straight hose adapters attach directly to your RV's sewer connection, allowing you to extend your sewer hose outlet for easier, more convenient hose connection. Because they are clear, they help during tank cleaning by letting you see when your system is fully rinsed.

| Part No: | Description: |
|----------------|--------------|
| T395720 | 5" [12.7cm] |

Sanitation

Camco Replace-All Plumbing Vent Kit

Replace damaged plumbing vents with quality original factory replacement vents. Kit fits 2.5 to 6cm O.D. pipe and includes vent, all hardware and putty tape needed for installation.

| Part No: | Description: |
|----------------|---------------------|
| T400330 | Polar White - 3/ctn |

Camco Tornado Rotary Tank Rinsers

Reach every area of your holding tank. This permanent tank rinsers with a 360° rotating head and ten high pressure nozzles is the easiest, most sanitary way to clean your holding tank. No need for hoses through the windows or devices stuck down toilets. Has built in a backflow preventor and a vacuum breaker. Kit comes with an exterior access hose for quick hose connection with no mess.

| Part No: | Description: |
|----------------|------------------------------|
| T401260 | Tornado Kit with 1.8mtr Hose |

Barker Tote-Along

Used as a portable holding tank for grey & black water. Blow-molded polyethylene construction and quality zinc plated steel brackets throughout. Extra large, heavy-duty wheels and standard bayonet fittings included with tank. Holds 37ltrs. Comes completely assembled.

| Part No: | Description: |
|----------------|-------------------|
| T108930 | Barker Tote-Along |

Barker 4-Wheeler Tote-Along

Used as a portable holding tank for grey & black water. 4-Wheelers are equipped with standard 3" valves to eliminate lifting to "dump" tanks. Constructed of blow molded polyethylene, zinc plated steel and aluminum. Double wheel, front-swivel design for easy pulling and maneuvering. Each 4-Wheeler Tote-Along is completely assembled and includes bayonet fittings, 1.5mtr sewer hose, and tow handle. Holds 60ltrs.

| Part No: | Description: |
|----------------|-----------------------------|
| T281910 | Barker 4-wheeler Tote-Along |
